INITIAL BRAND CHALLENGES:

- Brand corporate look was completely refreshed.
- Website, Corporate Movie, Brand identity.. everything was being worked upon

- After this came a task of launching a new plywood which was a new innovation to be introduced in the market
- Product was named as Multifit: A plywood that is a perfect fit for one's multiple requirement.
- 'The Carpenters choice' was the product tagline which was finalised after much deliberation as carpenters are one of the biggest influencers when it comes to selecting the plywood
